REQUEST FOR PROPOSAL (RFP)

SUPPLY OF AN ASSET MANAGEMENT SOLUTION AND PROVISION OF FIXED ASSET VERIFICATION, RECONCILIATION, TAGGING AND MIGRATION SERVICES

COMPETITIVE BIDDING PROCESS

Addressed To	Pre-Qualified Bidders - Competitive Bidding Process
Issue Date	17 August 2026
Submission Deadline	24 August 2026, 4:00 PM (WAT)
Issuing Department	IT Procurement Division
Contact Email	Mohammed.Kyari@jaizbankplc.com and Procurement@jaizbankplc.com in copy
Classification	Confidential - Restricted Circulation

Note: The Vendor/Bidder shall sign and return this RFP to **Jaiz Bank Plc within 48 hours of receipt** and shall be deemed to have fully understood and agreed to comply with all requirements, terms, and conditions herein. All required documentation, certifications, and pre-bid submission documents, **excluding the Technical and Financial Proposals**, shall be consolidated into **one PDF file**. This RFP and all accompanying documents remain the property of Jaiz Bank Plc and are provided solely for the preparation and submission of the proposal. Bidders shall maintain strict confidentiality and shall not disclose, reproduce, distribute, or use the contents for any other purpose, and shall return or securely destroy all copies upon the Bank's request.

Introduction and Background

Jaiz Bank Plc ("the Bank") is Nigeria's premier non-interest (Islamic) bank, licensed and regulated by the Central Bank of Nigeria (CBN), operating a network of fifty-five (55) branches and locations nationwide, including its Head Office in Abuja.

The Bank's fixed asset (Property, Plant and Equipment) register has, over time, been maintained through a combination of spreadsheet records and manual branch-level tracking. The Procurement Division, in conjunction with General Services and Finance, has identified the need to (a) verify and reconcile the Bank's physical fixed assets against the books of account across all branches and locations, (b) tag and barcode/QR-code every taggable asset for ongoing identification and audit, and (c) migrate a validated, standardized asset register into a modern, purpose-built Asset Management Solution to be procured under this RFP, to serve as the Bank's single system of record for fixed asset lifecycle management going forward.

This Request for Proposal (RFP) is issued as part of a competitive bidding process to pre-qualified Bidders capable of supplying, configuring, and supporting a suitable Asset Management Solution, together with the physical verification, reconciliation, tagging, and migration services described in this RFP, following a market scan and shortlisting exercise conducted by the IT Procurement Division. The process is intended to identify the most suitable Bidder and solution to deliver, as a single, accountable engagement, both (i) the supply, configuration and licensing of the Asset Management Solution, and (ii) the physical verification, reconciliation, tagging, data migration, and branch-by-branch deployment services described in this RFP. Bidders may propose any Asset Management Solution capable of meeting the requirements set out in this RFP; no specific product or platform is prescribed or preferred.

Each Bidder shall be evaluated against the full set of functional, technical, eligibility, and service-delivery requirements set out in this RFP. Each Bidder is required to satisfy every eligibility and documentary requirement set out in this RFP, and the Bank reserves the right to disqualify any proposal that fails to do so, in accordance with Section 8 and Section 14.

Objective of the RFP

The objective of this RFP is to invite pre-qualified Bidders to submit proposals for a combined solution-and-services engagement that will enable the Bank to:

Achieve a physically verified, validated and standardized fixed asset register, reconciled against the Bank's books of account, across all fifty-five (55) branches and locations;

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

Tag every taggable fixed asset with a durable, uniquely numbered barcode and/or QR code tag, cross-referenced to the asset register;

Migrate the validated asset register into the proposed Asset Management Solution as the Bank's single system of record for asset lifecycle management, from acquisition through disposal;

Operate ongoing asset creation, assignment, transfer, movement tracking, and disposal through the Solution, with role-based access control and approval workflows;

Classify and categorize assets by class (IT Assets, General Services Assets, Furniture and Fittings, Motor Vehicles, and other classes as applicable), by staff, by branch, and by location;

Support the Bank's IFRS 5 reporting requirements in respect of non-current assets held for sale/disposal; and

Generate reporting, dashboarding, and audit-ready data exports supporting Internal Audit, External Audit, Finance, and regulatory examination requirements.

Bidders are required to respond comprehensively to every requirement in this RFP. A proposal that does not address a mandatory requirement, or that qualifies a mandatory requirement with conditions not disclosed at submission, may be scored accordingly or disqualified at the Bank's discretion.

Scope of Engagement

This engagement comprises two integrated work-streams which the Bank intends to award to a single Bidder for accountability and continuity: (A) supply, configuration and licensing of the Asset Management Solution; and (B) physical verification, reconciliation, tagging, data migration and deployment services. The Bidder's Technical Proposal shall address each of the following in full.

Work-Stream A - Asset Management Solution: Functional Scope

The Bidder's Technical Proposal shall address each of the following functional capabilities of the proposed Solution:

Asset lifecycle management covering the full cycle from acquisition/procurement intake, capitalization, deployment, transfer, maintenance, and revaluation through to disposal and write-off;

Role-based access control (RBAC) and configurable, multi-level approval workflows for all asset transactions;

Asset creation, assignment, transfer, and disposal processes, each with a documented workflow, approver(s), and system-generated audit trail;

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

Asset categorization and classification for IT Assets, General Services Assets, Furniture and Fittings, Motor Vehicles, and other asset classes as configured by the Bank;

Staff-level, branch-level, and location-level asset assignment, with the ability to report holdings at each level at any point in time;

Asset tagging, barcode/QR code generation, and asset scanning capabilities (see Section 6.1 and Section 6.3);

Asset movement tracking (inter-branch, inter-department, and inter-staff transfers) and audit trail management (see Section 6.6);

Disposal workflows, including supporting documentation upload and multi-level approval requirements consistent with the Bank's disposal policy;

Reporting, dashboarding, and data export functionalities (see Section 6.6);

Asset reconciliation methodology (system-to-physical and system-to-books) and a documented migration strategy for onboarding the Bank's validated asset register;

Support for IFRS 5 considerations in respect of non-current assets held for sale/disposal, including the ability to flag, separately report, and track such assets distinctly from assets in continuing use (see Section 6.2);

Branch expansion and location management, allowing new branches/locations to be added to the Solution's structure without vendor intervention or additional licensing delay;

Asset relationship mapping, for example associating accessories, peripherals, or component assets with a parent/primary asset; and

User management, role administration, and governance controls, including full administrative self-service for the Bank's IT and General Services teams.

Work-Stream B - Physical Verification, Reconciliation, Tagging and Migration Services

The Bidder's Technical Proposal shall address each of the following service activities, to be performed across all fifty-five (55) Bank branches and locations listed at Annexure F:

Verification and reconciliation of the Bank's fixed assets across all branches and locations against the existing asset register maintained at Head Office;

Physical asset verification and validation against records maintained at Head Office, with variance (surplus/shortfall/mismatch) reporting per branch;

Asset register creation, validation and standardization into a single, consistent data structure and naming convention;

Supply and installation/tagging of asset tags on every taggable fixed asset identified during verification;

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

Supply of asset labels and related consumables (ribbons, adhesives, and other consumables required for the duration of the exercise and an agreed post-go-live buffer stock);

Supply and configuration of an asset label printer (or printers) for the Bank's ongoing, self-service tag production after go-live;

Barcode and/or QR code asset tagging services, including generation of unique asset identifiers cross-referenced to the Solution;

Asset data capture, cleansing, consolidation and validation, reconciling multiple source records into a single validated register;

Asset migration and onboarding into the proposed Asset Management Solution, including bulk asset upload and configuration;

Asset classification and categorization exercises, applied consistently across all branches and asset classes;

Branch-by-branch deployment and rollout support, in accordance with a rollout plan and schedule to be agreed with the Bank;

User training and knowledge transfer sessions for branch and Head Office staff who will operate the Solution day-to-day;

Administrator training for the Bank's IT and General Services teams, covering configuration, workflow administration, and user/role management;

Post-implementation support and maintenance services (see Section 9.3); and

Configuration, customization and workflow set-up based on requirements approved by the Bank during the discovery/configuration phase.

The scope also includes any other activity reasonably necessary for the successful execution of the asset verification, reconciliation, tagging, migration and deployment exercise, whether or not expressly itemized above, provided it falls within the intent of this RFP. Bidders shall identify in their Technical Proposal any activity they consider necessary to achieve the Bank's objectives that is not expressly listed.

Branch Coverage and Indicative Asset Volumes

This engagement covers all fifty-five (55) Bank branches and locations, including Head Office, Abuja. The full branch list, together with indicative asset counts by category as currently held in the Bank's Property, Plant and Equipment (PPE) records, is set out at Annexure F.

Indicative scale (subject to physical verification): **55 branches/locations; approximately 10,010 taggable fixed assets** across Furniture & Fittings (3,490), Office Equipment (3,490), and Computer Hardware (3,030), plus 151 Motor Vehicles tracked separately and excluded from physical barcode/QR tagging (see below).

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

These figures are indicative only, derived from existing PPE book records, and are provided to enable Bidders to size their proposed methodology, staffing, and consumables. The Bidder's priced proposal shall not be capped by these figures; the actual count of assets requiring verification and tagging will be determined during physical verification and may differ from the indicative figures. The Bidder shall therefore propose a per-asset or per-branch unit pricing basis (see Annexure C) in addition to any fixed-fee components, so that the final commercial value can be trued up against the actual, verified asset count without renegotiation of unit rates.

Motor Vehicles (MV) are excluded from the physical barcode/QR tagging scope described in Section 3.2 (vehicles are tracked by registration/chassis number rather than adhesive tag) but shall be included in the Solution as an asset class and in the data migration scope described in Section 3.2 and Section 7.3.

The Bidder shall propose a branch rollout sequencing and shall confirm its capacity to mobilize verification and tagging teams to multiple branches concurrently in order to complete the exercise within the timeline proposed in its implementation plan (see Section 9.1).

Deployment Model and Data Residency Requirements

The Bidder shall confirm the deployment model(s) in which the proposed Solution is available (e.g. cloud/Software-as-a-Service, on-premises, or hybrid) and shall recommend the model most appropriate for the Bank, with supporting rationale. Given the sensitivity of the Bank's fixed asset and financial data, the Bidder's Technical Proposal shall address the following, regardless of deployment model proposed:

Data residency: the specific country/region in which the Bank's data (including backups) will be hosted, and confirmation of whether this can be restricted to a jurisdiction acceptable to the Bank.

Data ownership: explicit confirmation that the Bank retains full and unencumbered ownership of all data input into, or generated by, the Solution at all times, including the termination of the contract.

Data export: the format(s) and mechanism(s) by which the Bank may export the entirety of its data, on demand and at contract termination.

Sub-processors/hosting providers: a list of all third parties that will have access to, or process, the Bank's data, and the jurisdictions in which each operates (where a cloud/SaaS model is proposed).

Multi-tenancy isolation: confirmation of the technical mechanism by which the Bank's data is logically or physically isolated from other tenants, where a shared/multi-tenant model is proposed.

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

Regulatory acknowledgement: confirmation that the proposed hosting arrangement does not conflict with CBN guidelines on outsourcing and cloud computing applicable to Nigerian deposit money banks, and cooperation with any CBN-mandated data localization directive that may apply during the contract term.

The Bank reserves the right to request a data protection impact assessment, sub-processor list, and relevant security certifications prior to contract award, and to require contractual data processing terms consistent with the Nigeria Data Protection Act (NDPA) 2023.

Mandatory Solution Requirements

The following sets out the Bank's requirements for the proposed Asset Management Solution. Requirements marked Mandatory in the tables below must be met in full; failure to meet a mandatory requirement may result in disqualification of the proposal at the Bank's discretion. Bidders shall confirm compliance with every requirement in the Compliance Matrix at Annexure B, with reference to the relevant section of their Technical Proposal.

6.1 Asset Tagging Technologies

Mandatory	Requirement
Yes	The Bidder shall disclose the full range of asset tagging technologies supported by the proposed Solution, at minimum barcode (1D) and QR code (2D), and shall confirm whether RFID tagging is available as an option, together with the relative cost, durability, and read-range implications of each.
Yes	The Bidder shall confirm the physical tag specification(s) proposed for the Bank's environment (material, adhesive type, size, durability under branch/office conditions including handling, cleaning, and repositioning of assets), and shall provide sample tag artwork incorporating the Bank's branding for approval prior to bulk production.
No	The Bidder shall confirm whether tamper-evident tags are available, and whether serialised tag numbering is sequential, branch-blocked, or globally unique across the Bank's estate.

6.2 Solution Features and Capabilities

Mandatory	Requirement
Yes	The Solution shall support the full functional scope set out in Section 3.1, including lifecycle management, RBAC and approval workflows, asset creation/assignment/transfer/disposal,

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

Mandatory	Requirement
	categorisation and classification, staff/branch/location assignment, movement tracking, and asset relationship mapping.
Yes	The Solution shall support the Bank's IFRS 5 requirement to flag and separately report non-current assets held for sale/disposal, distinct from assets in continuing use, with the ability to record the classification date, expected disposal date, and carrying/fair value less costs to sell.
Yes	The Solution shall support depreciation tracking (or integration with the Bank's finance system for depreciation, per Section 6.5) consistent with the Bank's fixed asset accounting policy.
No	The Bidder shall list any additional modules or capabilities available within the proposed Solution suite (e.g. work order/maintenance management, inventory/consumables management) that may be of future interest to the Bank, together with the licensing basis for each.

6.3 Asset Tracking and Verification Functionalities

Mandatory	Requirement
Yes	The Solution shall support scan-based asset verification (barcode/QR, and RFID where proposed) using handheld scanners and/or mobile devices, generating a system-of-record reconciliation between expected and scanned assets per branch/location.
Yes	The Solution shall support scheduled and ad hoc cyclical asset verification/count exercises, with variance (missing/surplus/mismatched-location) reporting and a workflow for resolving variances.
No	The Bidder shall confirm whether the Solution supports geo-tagging or location-confirmation at the point of scanning, to validate that an asset is physically present at its recorded branch/location.

6.4 Mobile Application and Offline Capabilities

Mandatory	Requirement
Yes	The Bidder shall confirm whether a native or web-based mobile application is available for asset scanning, verification, assignment,

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

Mandatory	Requirement
	and transfer, and shall identify the supported mobile operating system(s) and compatible/recommended scanning hardware.
Yes	The Bidder shall confirm whether the mobile application supports offline data capture (for branches/locations with unreliable connectivity), with automatic synchronisation to the central Solution once connectivity is restored, and shall describe the conflict-resolution approach where offline records conflict with concurrent central updates.
No	The Bidder shall confirm the minimum hardware specification required to run the mobile application, and whether the Bidder can supply or recommend compatible handheld scanning devices as part of its proposal.

6.5 Integration Capabilities

Mandatory	Requirement
Yes	The Solution shall support a documented, published API (REST or equivalent) enabling bulk import/export of asset, register, and transaction data, and the Bidder shall confirm whether API access is included in the base licence or chargeable separately.
Yes	The Bidder shall describe the Solution's integration capability with the Bank's finance/general ledger system for capitalisation, depreciation posting, and disposal accounting entries, including any pre-built connectors.
No	The Bidder shall describe the Solution's integration capability with the Bank's Active Directory/Azure Active Directory (Microsoft Entra ID) for Single Sign-On (SSO) and automatic user provisioning/de-provisioning.
No	The Bidder shall describe the Solution's integration capability with the Bank's existing procurement/PO system for automated asset intake at the point of purchase, where such integration is available.

6.6 Reporting and Audit Trail Features

Mandatory	Requirement
Yes	The Solution shall provide an immutable, tamper-evident audit log of all asset transactions (creation, assignment, transfer, disposal, edits) and user actions, exportable for regulatory and audit inspection.

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

Mandatory	Requirement
Yes	The Solution shall provide pre-built, exportable reports including, at minimum: full asset register by branch/location/class, asset movement history, disposal register, reconciliation/variance report, and IFRS 5 held-for-disposal report.
Yes	All reports shall be exportable in PDF and Excel format at minimum, and shall support the Bank's branding.
No	The Bidder shall confirm whether the Solution provides configurable executive dashboards (e.g. asset count and value by branch/class, ageing analysis, verification completion status) and whether dashboards can be scheduled for automated distribution.

6.7 Security Controls and User Access Management

Mandatory	Requirement
Yes	The Solution shall enforce role-based access control (RBAC) with configurable roles (e.g. Administrator, Branch Asset Officer, Approver, Auditor/Read-Only) and organisation/branch-scoped permission isolation.
Yes	The Solution shall enforce multi-factor authentication (MFA), and the Bidder shall confirm supported MFA method(s).
Yes	The Solution shall encrypt data at rest (AES-256 or equivalent) and in transit (TLS 1.2 or higher), with the Bidder confirming key management practices.
No	The Bidder shall confirm whether Single Sign-On (SSO) via SAML 2.0 and/or OIDC is supported, consistent with Section 6.5.

6.8 Deployment Options

Mandatory	Requirement
Yes	The Bidder shall confirm, for completeness, which of the following deployment options are available for the proposed Solution: on-premises, private cloud, public cloud/SaaS, and hybrid, consistent with the disclosures required under Section 5, together with its recommendation for the Bank and supporting rationale.
No	Where an on-premises or hybrid option is recommended, the Bidder shall specify minimum server/infrastructure requirements and whether the Bank or the Bidder is responsible for provisioning and maintaining that infrastructure.

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

Physical Verification, Reconciliation, Tagging and Migration Service Requirements

In addition to the scope set out in Section 3.2, the Bidder's Technical Proposal shall address the following service-delivery requirements in detail.

7.1 Asset Register Validation and Standardization

The Bidder shall describe its methodology for consolidating and validating the Bank's existing PPE and branch-level records (an indicative extract is provided at Annexure F) into a single, standardized asset register, including the data fields to be captured for each asset (at minimum: unique asset ID/tag number, description, category/class, branch/location, custodian/assigned staff, acquisition date, acquisition cost, current condition, and status).

7.2 Physical Verification, Tagging, Labels and Printer Supply

The Bidder shall describe its physical verification and tagging methodology, including team composition and sizing per branch, expected duration per branch (by branch size band, referencing the indicative asset volumes at Annexure F), quality-assurance/spot-check approach, and the process for handling assets found on-site but not in the existing register (and vice versa).

The Bidder's proposal shall separately itemise the supply of: (a) asset tags/labels and consumables (with quantities sized to the indicative volumes at Annexure F plus an agreed buffer, and a unit re-order mechanism for the Bank's post-go-live use); and (b) the asset label printer(s) to be supplied, installed and configured for the Bank's ongoing self-service tag production, including make/model, consumable compatibility, and warranty.

7.3 Data Capture, Cleansing, Consolidation, Validation and Migration

The Bidder shall describe its data capture methodology (e.g. mobile/handheld capture at point of physical verification versus desk-based reconciliation), data cleansing and de-duplication approach, and the reconciliation methodology by which the physically verified count is reconciled against both the existing PPE register and the Bank's books of account, with variances reported to and resolved with the Bank prior to migration.

The Bidder shall describe the bulk upload and configuration approach for onboarding the validated register into the proposed Asset Management Solution, including data mapping, a dry-run/test-migration step, and a rollback approach in the event of migration errors.

7.4 Asset Classification, Branch Rollout and Deployment Support

The Bidder shall propose a branch-by-branch rollout plan and schedule covering all fifty-five (55) branches/locations at Annexure F, including sequencing logic (e.g. by

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

region, by branch size, or by risk priority as agreed with the Bank), and shall confirm its capacity to run concurrent branch teams to meet the timeline proposed under Section 9.1. The Bidder shall confirm its proposed approach to asset classification and categorization consistency across branches, including a quality-control mechanism to prevent classification drift between different field teams.

7.5 IFRS 5 Considerations for Assets Held for Disposal

Where assets identified during physical verification are, in the Bank's assessment, held for sale or disposal within the meaning of IFRS 5, the Bidder shall describe how such assets will be identified, flagged, and separately reported in both the interim reconciliation outputs and the migrated Solution (see Section 6.2), to support the Bank's Finance function in applying the appropriate accounting treatment. The Bidder is not required to render an accounting opinion; the requirement is limited to the Solution's and the verification methodology's capability to flag, tag, and report such assets distinctly.

7.6 Training and Knowledge Transfer

The Bidder shall propose a training plan covering, at minimum: branch/end-user training (asset scanning, transfer requests, and day-to-day use), Approver training, and Administrator training for the Bank's IT and General Services teams (configuration, workflow administration, user/role management, and tag/label re-printing). The Bidder shall specify delivery mode (on-site, virtual, self-paced), duration, and whether training materials and recorded sessions are retained by the Bank for onboarding of new staff and new branches after go-live.

Eligibility, Vendor Status and Regulatory Alignment

To be eligible for evaluation, a Bidder shall satisfy the following minimum eligibility criteria and shall provide supporting documentary evidence with its Technical Proposal.

8.1 Vendor Status and Corporate Legitimacy

This procurement is solution-agnostic. Bidders may propose any Asset Management Solution capable of meeting the requirements set out in Section 6 and Section 7, subject to the eligibility and evidentiary requirements below.

Valid Certificate of Incorporation (CAC) or equivalent for foreign Bidders, and current Tax Identification Number (TIN).

The Bidder shall state clearly whether it is the original equipment manufacturer (OEM) of the proposed Solution, an authorized reseller, or an implementation partner, and shall provide documentary evidence supporting the stated status (e.g. a valid OEM authorization/partner letter naming the Bidder for the specific product proposed).

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

The Bidder shall provide the legal name, country of incorporation, and year of incorporation of the OEM (where the Bidder is not itself the OEM), together with evidence of ownership of the intellectual property (IP) in the proposed Solution or, where the Bidder is not the IP owner, evidence of authorization to market and support the Solution.

The Bidder shall disclose details of any mergers, acquisitions, or changes in ownership affecting the OEM or the proposed Solution within the preceding five (5) years, including any change of product name or rebranding arising from such events.

The Bidder shall confirm explicitly whether the proposed Solution is proprietary to the OEM, white-labelled from another vendor's platform, or built substantially on another vendor's underlying platform or technology stack, and, where white-labelled or built on a third-party platform, shall identify the extent of that dependency and any associated risk to long-term support continuity.

The Bidder shall confirm its capability and prior experience to deliver, as a single accountable engagement, both software supply/configuration and nationwide physical field services (asset verification and tagging), including whether physical services will be delivered directly by the Bidder or through a named, disclosed subcontractor.

8.2 Banking and Financial-Sector Experience

At least three (3) customer references demonstrating relevant implementation experience, preferably including at least one (1) reference from a bank or other regulated financial institution in Nigeria or a comparable regulatory environment (see Annexure D).

The Bidder shall identify any deployments of the proposed Solution, and any physical asset verification/tagging engagements of comparable scale (multi-branch, nationwide), within Nigeria or elsewhere in Africa, with details of the institution type and scale of deployment.

The Bidder shall describe its experience supporting regulatory and external audit requirements applicable to banking institutions in respect of fixed asset registers and PPE audit evidence.

8.3 Product Maturity and Compliance Confirmations

The current version number of the proposed Solution and a summary of its release history for the preceding two (2) years.

Confirmation of the Solution's alignment with the Nigeria Data Protection Act (NDPA) 2023, and of any relevant security certifications held by the OEM/hosting provider (e.g. ISO/IEC 27001 and/or SOC 2 Type II), where a cloud/SaaS deployment is proposed.

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

A signed Bidder's Declaration (Annexure E) confirming no conflict of interest, no history of debarment from public or financial-sector procurement, and acceptance of the terms of this RFP.

Bidder documents shall not reference, name, disparage, or otherwise draw comparison with any other vendor or product. Any submission that does so will be returned to the Bidder for correction and resubmission within the original submission deadline, where time permits, or may be disqualified at the Bank's discretion.

Implementation, Support, Training and Service Level Requirements

9.1 Implementation Methodology and Timeline

The Bidder shall submit a proposed implementation plan and methodology, including key phases (discovery/configuration workshop, asset register consolidation, branch-by-branch physical verification and tagging, data migration, user acceptance testing, go-live, and post-go-live stabilization), an indicative timeline in weeks for each phase and for full completion across all fifty-five (55) branches, and the resourcing/roles to be provided by the Bidder and required from the Bank respectively. The Bidder shall identify the proposed project team by role, including field verification/tagging team leads, together with relevant professional certifications held by each core team member.

9.2 Training and Knowledge Transfer

As set out in Section 7.6, the Bidder shall propose a training plan covering branch/end-user, Approver, and Administrator training, with delivery mode, duration, and retention of materials confirmed.

9.3 Support Model and Service Levels

The Bidder shall propose a post-implementation support model addressing, at minimum:

The support model: whether support is provided directly by the OEM, by the Bidder, or a combination, and how escalation is handled;

Support channels (email, phone, ticketing portal) and hours of coverage, aligned to West Africa Time (UTC+1), at minimum during Nigerian business hours;

Incident severity classification and corresponding guaranteed response and resolution time Service Level Agreements (SLAs) for each severity level;

Confirmation of local support resources (based in Nigeria), and if so, their location and staffing;

Solution uptime SLA (the Bank's minimum requirement is 99.5% monthly uptime, exclusive of scheduled maintenance windows communicated at least five (5) business

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

days in advance), where a cloud/SaaS model is proposed, and any associated service credit regime for breaches;

Support and maintenance arrangements for the supplied label printer(s) and scanning hardware, including warranty period and consumable re-supply lead time; and

Named account/support contact(s) and escalation path for unresolved issues.

9.4 Business Continuity, Backup and Disaster Recovery

Where a cloud/SaaS deployment is proposed, the Bidder shall describe backup frequency, retention period, and the Solution's own Recovery Point Objective (RPO) and Recovery Time Objective (RTO) in the event of a platform outage.

9.5 Exit Management

The Bidder shall confirm, unambiguously, that the Bank retains full and unencumbered ownership of all data input into or generated by the Solution, and shall describe its proposed offboarding process and exit/transition assistance in the event of contract termination or non-renewal, including the standard, non-proprietary format(s) in which the entirety of the Bank's asset data will be exported.

Licensing Model and Commercial Structure

The Bidder's Financial Proposal (submitted per Annexure C) shall separately itemize the following cost components, with indicative pricing for Years 2 and 3 for renewal planning purposes:

The precise licensing model for the Solution (e.g. named user, concurrent user, per-asset, per-branch, or site licensing), and a recommended user/role allocation for the Bank with associated license cost per role per annum;

One-time implementation, configuration, and data migration fees;

Physical verification, reconciliation and tagging service fees, itemized on a per-branch and/or per-asset basis consistent with Section 4, plus a fixed-fee component (if any) for project management and quality assurance;

Cost of asset tags/labels and consumables, and of the asset label printer(s) supplied, itemized separately from the service fee;

Annual subscription/licensing fees (where a SaaS model is proposed) or perpetual license and annual maintenance fees (where an on-premises model is proposed);

Training fees (where not included in the implementation fee); and

Applicable taxes, duties, and statutory levies, separately stated.

The Bidder shall confirm, in writing, that there are no hidden, recurring, or third-party costs beyond those disclosed in the Financial Proposal and shall identify and itemize any third-party pass-through costs the Bank may be liable for.

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

All prices shall be quoted in Nigerian Naira (₦). Where any cost component is necessarily denominated in a foreign currency, the Bidder shall state the foreign-currency price and the Naira equivalent using the prevailing market exchange rate as at the date of submission, clearly indicating the exchange rate used, its source, and its date, and shall confirm that final invoicing will be settled in Naira at the prevailing market exchange rate applicable on the date of payment.

Prices submitted shall be firm and fixed for the proposal validity period stated in Section 15, save for the foreign-currency translation mechanism described above, and shall be inclusive of all costs necessary to deliver the Solution and the associated services described in this RFP.

Proposal Submission Requirements

Bidders shall submit two (2) separate proposals as follows:

11.1 Technical Proposal

The Technical Proposal shall address, at minimum:

Company profile and evidence of eligibility per Section 8;

A point-by-point response to the Scope of Engagement (Section 3), Branch Coverage (Section 4), Deployment Model (Section 5), Mandatory Solution Requirements (Section 6), and the Physical Verification, Reconciliation, Tagging and Migration Service Requirements (Section 7), cross-referenced to the completed Compliance Matrix at Annexure B;

Implementation methodology and project team certifications, training plan, support model, and business continuity/disaster recovery arrangements, per Section 9;

Evidence of authorized reseller/certified implementation partner status, per Section 8.1;

Customer references, preferably including at least one (1) reference from a bank or other regulated financial institution, per Section 8.2 and Annexure D;

Completed Vendor Information Form (Annexure A) and three (3) completed Reference Forms (Annexure D);

Signed Bidder's Declaration (Annexure E);

Any other information the Bidder considers material to the Bank's evaluation.

The Technical Proposal shall not contain any pricing or cost information. Any Technical Proposal found to contain pricing information may be disqualified at the Bank's discretion.

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

11.2 Financial (Commercial) Proposal

The Financial Proposal shall be submitted using the Pricing Template at Annexure C, in accordance with the requirements of Section 10, and shall include all assumptions, exclusions, and conditions attaching to the prices quoted.

11.3 Submission Format and Packaging

One (1) electronic copy of each proposal in **PDF format** shall be submitted via procurement@jaizbankplc.com, with mohammed.kyari@jaizbankplc.com copied (CC).

Both the **Technical and Financial Proposals** shall be clearly identified and submitted in accordance with the RFP requirements. Submission must be received **no later than the Submission Deadline** stated on the cover page. **Late submissions shall not be entertained.**

Evaluation Criteria and Methodology

Proposals will be evaluated using the Most Economically Advantageous Tender (MEAT) approach, under a two-envelope system. The Technical Proposal will be evaluated first; only Bidders meeting the minimum technical threshold described below will proceed to evaluation of the Financial Proposal.

The overall weighting between Technical and Financial scores shall be 70% Technical / 30% Financial. A minimum technical score of 70% is required for a Bidder's Financial Proposal to be opened and evaluated.

Table 12.1 - Technical Evaluation Weighting

Evaluation Criterion	Weight
Solution functional fit - Section 3.1 and Section 6 (tagging technology, features, tracking/verification, mobile/offline, integration, reporting/audit trail, security/access, deployment options)	25%
Physical verification, reconciliation, tagging and migration methodology - Section 3.2 and Section 7	25%
Implementation methodology, branch rollout plan/timeline, training, and support model/SLAs - Section 9	20%
Eligibility, vendor status, and relevant financial-sector experience/references - Section 8	15%
Security, access control, and data governance	10%
Company profile and overall proposal quality/completeness	5%

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

12.2 Weighting Sensitivity Analysis

In accordance with the Bank's standard evaluation methodology, the composite score for each Bidder shall additionally be tested under the following technical/commercial weighting scenarios, to confirm the robustness of the recommended award across a reasonable range of weighting assumptions:

Scenario	Technical Weight	Financial Weight
Base case (primary)	70%	30%
Sensitivity 1	60%	40%
Sensitivity 2	55%	45%

The average composite score across the base case and both sensitivity scenarios shall also be recorded. Where the ranking of Bidders is not consistent across all three scenarios, the evaluation panel shall record the basis for its final recommendation.

12.3 Financial Evaluation

The Financial Proposal will be evaluated on a total cost of ownership (TCO) basis over a three (3)-year period, comprising the physical verification/tagging/migration service fees, licensing/implementation fees, and three years of subscription or maintenance fees, as itemized per Section 10.

The final composite score shall be calculated as: (Technical Score × 70%) + (Financial Score × 30%), together with the sensitivity scenarios at Section 12.2. Contract award is subject to the proposal achieving a composite score acceptable to the Bank, successful contract negotiation, and the Bank's internal approval process.

Pricing and Payment Terms

Payment for the physical verification, reconciliation, tagging and migration services shall be made on a milestone basis tied to acceptance of deliverables (e.g. per completed and reconciled branch, and/or per implementation phase), with no advance payment, and a final tranche withheld pending successful user acceptance testing, full data migration sign-off, and go-live.

Payment for the Solution's annual subscription/licensing (where a SaaS model is proposed) or annual maintenance fee (where an on premises/perpetual model is proposed) shall be made annually in advance, against a valid invoice and confirmation of Solution availability for the relevant period.

Where any element of the agreed price is denominated in or indexed to a foreign currency, payment shall be made in Naira at the prevailing market exchange rate applicable on the date of payment, as confirmed by the Bidder under Section 10. The

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

Bank shall not be liable for any exchange-rate movement between the date of contract signature and the date of payment beyond the application of the prevailing rate at the time payment is due.

All payments are subject to applicable withholding tax and other statutory deductions in accordance with Nigerian law and shall be subject to the Bank's standard vendor onboarding and invoicing procedures.

Bank Protections and General Conditions

Data ownership and confidentiality: All asset data input into or generated by the Solution always remains the sole property of the Bank. The successful Bidder shall execute a confidentiality/non-disclosure undertaking and, where applicable, a data processing agreement consistent with the Nigeria Data Protection Act (NDPA) 2023 prior to go-live.

Site access and conduct: The Bidder's field personnel shall comply with the Bank's branch access, security, and conduct requirements at all times while on the Bank's premises, and the Bank reserves the right to require replacement of any field personnel whose conduct is considered unsatisfactory.

Audit rights: The Bank reserves the right to conduct, or commission an independent third party to conduct, a quality audit of the physical verification and tagging exercise (including re-verification of a sample of branches) prior to final acceptance and periodically during the contract term.

No reference to other vendors: As stated in Section 8, Bidder documents shall not name, disparage, or otherwise draw comparison with any other vendor or product.

Right to reject: The Bank reserves the right to reject any or all proposals, to annul this procurement process at any stage, and to negotiate further terms with the Bidder or with any other vendor the Bank may elect to approach, without incurring any liability to the Bidder.

Non-binding RFP: This RFP does not constitute an offer or a commitment by the Bank to procure the Solution or services described herein and shall not give rise to any claim for costs incurred by a Bidder in the preparation or submission of a proposal.

Compliance with Nigerian law: The contract arising from this RFP shall be governed by the laws of the Federal Republic of Nigeria, and the successful Bidder shall comply with all applicable Nigerian statutory and regulatory requirements, including those of the CBN, the Federal Inland Revenue Service (FIRS), and the Nigeria Data Protection Commission (NDPC).

Procurement Timeline

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

Activity	Date
RFP Issue Date	17 August 2026
Deadline for Written Clarification Requests	20 August 2026
Proposal Submission Deadline	24 August 2026, 4:00 PM (WAT)
Vendor Presentations / Demonstrations (if required)	25-26 August 2026
Technical Proposal Evaluation	25-27 August 2026
Financial Proposal Opening (technically qualified Bidders only)	On or about 28 August 2026
Site Assessment / Reference-Branch Walkthrough (if required)	On or about 31 August 2026

The Bank reserves the right to amend this timeline at its sole discretion, with notice to all Bidders who have registered interest by the Pre-Bid Meeting date.

Proposals remain valid and open for acceptance by the Bank for a minimum period of one hundred and twenty (120) days from the Submission Deadline.

Clarifications

Written requests for clarification may be submitted to procurement@jaizbankplc.com up to and including 20 August 2026. Responses to all clarification requests will be consolidated, anonymized, and circulated to all registered Bidders by 21 August 2026, and shall be deemed to form an addendum to this RFP.

Number of Branches/Sites Covered in Largest Comparable Engagement	

Annexure B — Compliance and Requirements Matrix

Bidders shall confirm compliance with each requirement below by marking "Yes", "Partial", or "No", with a reference to the relevant page/section of the Technical Proposal where the requirement is addressed in detail. This matrix does not replace the detailed narrative response required elsewhere in this RFP; it is a navigation aid for the Bank's evaluation panel.

Requirement	Compliance (Yes/Partial/No)	Reference in Technical Proposal
Deployment model(s) disclosed with recommendation for the Bank (5, 6.8)		
Data residency, ownership, export, sub-processor, and isolation confirmations (5)		
Full functional scope of Work-Stream A addressed (3.1)		
Full scope of Work-Stream B physical services addressed (3.2)		
Asset tagging technologies disclosed (barcode/QR/RFID) with sample tag artwork (6.1)		
IFRS 5 held-for-disposal flagging and reporting capability confirmed (6.2, 7.5)		
Depreciation tracking/integration confirmed (6.2)		

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

Requirement	Compliance (Yes/Partial/No)	Reference in Technical Proposal
Scan-based verification and cyclical count functionality confirmed (6.3)		
Mobile application availability, OS compatibility and offline sync confirmed (6.4)		
API and finance/GL integration capability described (6.5)		
AD/Azure AD SSO integration described (6.5)		
Immutable audit log and pre-built reports (register, movement, disposal, reconciliation, IFRS 5) confirmed (6.6)		
RBAC, MFA, and encryption standards confirmed (6.7)		
Vendor/reseller status and partner authorisation evidence provided (8.1)		
Capability to deliver combined software + nationwide field services confirmed, subcontractor (if any) disclosed (8.1)		
Minimum three (3) references provided, including at least one regulated financial institution where available (8.2, Annexure D)		
Physical verification and tagging methodology, team sizing, and QA approach described (7.2)		
Asset tag/label/consumable and printer supply itemised (7.2)		
Data cleansing, reconciliation and migration methodology described, including dry-run and rollback approach (7.3)		
Branch-by-branch rollout plan and schedule covering all 55 branches provided (7.4)		
Training plan (end-user, Approver, Administrator) disclosed (7.6, 9.2)		
Support model, local resources, and SLAs disclosed (9.3)		

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

Requirement	Compliance (Yes/Partial/No)	Reference in Technical Proposal
Implementation methodology, timeline, and project team certifications disclosed (9.1)		
Data ownership confirmation and exit/offboarding process disclosed (9.5)		
Licensing model fully disclosed, per-branch/per-asset service pricing provided (10)		
Hidden/recurring/third-party cost confirmation disclosed (10)		

Annexure C — Pricing Template

Bidders shall complete the tables below in full for the Financial Proposal. All figures shall be in Nigerian Naira (₦) inclusive of VAT, with foreign-currency components and the exchange rate basis disclosed in a footnote where applicable, per Section 10.

C.1 Physical Verification, Reconciliation, Tagging and Migration Services

Cost Component	Unit Rate (₦)	Indicative Qty	Indicative Total (₦)
Physical verification & reconciliation - per branch			
Asset tagging (labour) - per asset tagged			
Asset tags/labels & consumables - per unit			
Asset label printer(s) - supply, install, configure			
Data capture, cleansing & migration - fixed fee			
Project management & QA - fixed fee			
Training (end-user, Approver, Administrator)			

C.2 Asset Management Solution Licensing

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

Cost Component	Year 1 (₦)	Year 2 (₦, indicative)	Year 3 (₦, indicative)
Implementation & configuration (one-time)			
Annual subscription / licensing fee - by role/tier (attach breakdown)			
Annual support and maintenance fee (if separate)			
Optional modules / add-ons (itemise)			
VAT and other applicable taxes/levies			
Total (per year)			

Combined Three-Year Total Cost of Ownership (TCO): ₦ _____ (sum of Section C.1 total plus Section C.2 Year 1 + Year 2 + Year 3 totals)

Foreign currency basis (if applicable): currency, amount, exchange rate used, and date of rate - to be disclosed by the Bidder below.

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

Annexure D — Reference Form

Bidders shall complete one Reference Form per client reference (minimum three (3) references required, per Section 8).

Client Name	
Sector (e.g. banking, insurance, other regulated entity)	
Solution / Services Implemented (Software and/or Physical Verification & Tagging)	
Number of Branches/Sites Covered	
Contract Duration / Go-Live Date	
Contact Name and Designation	
Contact Telephone / Email	
Brief Description of Engagement	

Bidders are reminded that this form, and all other submission documents, shall not name, disparage, or otherwise draw comparison with any other vendor or product (§8).

BOARD OF DIRECTORS
Alh. Mohammed Mustapha Bintube – Chairman, Haruna Musa Ph.D – MD/CEO, Alhassan Abdulkarim - Executive Director, Risk Management, Omolora Muinat Ismail - Executive Director, Business Development, Mr. Seedy Njie, FCCA (*Gambian*), Muhammad Hadi Abdulmutallab, Ibrahim Indimi, Alh. Tajuddeen Aminu Dantata, Sa'adat Hamza Mohammed, Mallam Mustapha Ibrahim Ahmad FCA; FCIT, Ahmed Mohammed Indimi, Aisha Waziri Umar, Dr. Abdullateef Bello, Nike Kolawole.

Annexure E — Bidder's Declaration

We, the undersigned, being duly authorized to represent the Bidder named below, hereby declare that:

We have read, understood, and accepted the terms and conditions set out in this Request for Proposal in their entirety;

All information provided in our Technical and Financial Proposals is true, complete, and accurate to the best of our knowledge;

We have no conflict of interest in relation to this procurement, and have not engaged in, nor will we engage in, any corrupt or fraudulent practice in connection with this RFP;

We have not been debarred, suspended, or otherwise excluded from public sector or financial-sector procurement by any regulatory authority or institution in Nigeria or elsewhere;

Our proposal documents do not name, disparage, or draw comparison with any other vendor or product;

Our pricing as submitted is firm, fixed, and inclusive of all costs necessary to deliver the Solution and associated services, save for the foreign-currency translation mechanism disclosed under Section 10; and

Our proposal remains valid and open for acceptance for the period stated in Section

15.
